

*Winthrop University Annual
Security/Fire Safety Report and
Drug Free Campus Statement*

Dear Students, Faculty and Staff:

As you are aware, substance abuse and crime have become societal problems with which we should all be concerned.

Recent federal legislation has required all institutions of higher education which receive federal funds or financial assistance to certify they have adopted and implemented a program to prevent the illicit use of drugs and the abuse of alcohol by students and employees. The law also requires the annual distribution of the Drug-Free Campus Statement, which outlines Winthrop University's compliance.

In addition, this brochure includes Winthrop's Crime Awareness and Campus Security annual report, also required by federal legislation, as well as our crime statistics for the last three years. It is important to note that these statistics reflect all reported crimes and do not necessarily mean that a crime actually occurred or that arrests and/or convictions resulted.

This brochure is intended to provide the information needed to assist you in having a safe and healthy experience at Winthrop. Please read and become familiar with this important document.

Sincerely,

A handwritten signature in black ink, appearing to read "Frank P. Ardaiole". The signature is written in a cursive, flowing style with a prominent loop at the end.

Vice President for Student Life

CRIME AWARENESS AND CAMPUS SECURITY ANNUAL REPORT

Students are understandably concerned about their safety on a university campus away from home. We at Winthrop understand this concern, and accept our responsibility to employ safety and security measures to help ensure that our students enjoy their years at Winthrop, and that their stay be as free as possible from threats to their well-being.

Winthrop University, with its population of some 6,000 students, is located within the city of Rock Hill, S.C., with a population of 68,000. As part of the larger community, the university shares many of the same interests and problems, including the concern about crime. Crime is a national problem that affects all areas, including university campuses. The passage of the Clery Act (the Student Right-to-Know and Campus Security Act of 1990) and the Higher Education Amendments of 1992 (Public Law 102-325) which require this annual report, gives testimony to this.

Any crime occurring elsewhere, can and does occur on a university campus. Although Winthrop University has experienced a significantly lower incidence of rape, burglary, assault and acts of criminal trespass than has the surrounding community, we must honestly state that such incidents can and do occur. There are no sanctuaries. To prevent such incidents, a competent residence life staff, a professionally trained and maintained university police force, and students are responsible for a number of measures to ensure the protection and safety of students and their possessions.

Disciplinary sanctions are imposed to protect the university community from behaviors that are detrimental to the educational process and to assist students in identifying acceptable parameters of their activities, as well as the consequences of their behavior. The severity of the sanction may range from a disciplinary warning to expulsion, depending upon the severity and/or frequency of the violation. Each case is evaluated on an individual basis by the Judicial Council. Under the law, the accused is afforded the right to "due process." Both the accused and the accuser are entitled to have others present during campus disciplinary proceedings and shall be informed of the outcome of any such proceedings.

Crime Statistics and Crime Rates

Recognizing that awareness of crime is in itself a preventive measure, Winthrop University provides information relating to crime statistics and security measures to prospective students, currently enrolled students, faculty and staff. The university's Police Department, in compliance with the Clery Act, publishes crime figures for the most recent three-year period. In addition, monthly uniform crime statistics are submitted to the South Carolina Law Enforcement Division (SLED).

Winthrop University Police Department, Practices and Procedures

The safety and security of the Winthrop campus are coordinated by the Winthrop University Police Department within the Division of Student Life. The Winthrop University Police Department has a police force of 16 commissioned officers with full arrest powers and statewide law enforcement authority. These men and women are graduates of the South Carolina Criminal Justice Academy, and undergo continuous training to maintain and upgrade their skills. All are trained in first aid and CPR. All commissioned officers are armed and receive firearms training and testing at least twice yearly.

The primary duty of the Winthrop University Police Department is to provide as safe an environment as possible for the university community. The officers conduct foot, bicycle and vehicle patrols of the campus and residence hall areas 24 hours a day. On campus, Winthrop police officers enforce all regulations and laws - those of the university, the city of Rock Hill and the state of South Carolina. The Winthrop police also have a close working relationship with the Rock Hill City Police and the York County Sheriff's Department.

Campus Police investigates all criminal activity that occurs on campus. In the event a sexual assault occurs, Campus Police is the lead investigative agency, but is required by state statute, 59-154-10 to notify the South Carolina Law Enforcement Division of the incident. SLED will not conduct the investigation, but will assist only if requested by Campus Police.

If a homicide occurs on campus, SLED must be notified according to state statute, 59-154-10 and will work with Campus Police and Rock Hill Police on the investigation and prosecution of the case.

In addition to the commissioned police officers, the support staff of the Winthrop University Police Department operates the office and telephone 24 hours a day.

Potential criminal actions and other emergencies on campus can be reported directly by any student, faculty member, employee, or visitor to the Winthrop University Police Department by dialing campus extension 3333. Upon receipt of the call, Winthrop police officers are dispatched immediately to the

site of the complaint. They have full authority to take necessary action as warranted by the circumstances, including making arrests for any crimes committed. The officers prepare and submit reports detailing the incident, as well as follow-up investigations and actions.

Winthrop police officers offer sessions each semester on topics of concern including personal safety, awareness and security, general crime prevention, rape prevention, and prevention of burglary and vandalism. Information on safety and security is offered to students and employees regularly through lectures, films, bulletins, crime alerts (when circumstances warrant), posters, brochures and the university's student weekly newspaper.

Winthrop police officers inspect campus facilities regularly, noting any discrepancies which might affect safety and security, such as broken windows and locks, faulty lighting, smoke detectors or fire extinguishers. These are immediately reported for repair or correction.

The Winthrop campus is well-lighted, and further lighting improvements are made continuously, particularly in areas frequently traveled by students. There are telephone jacks in each residence hall room for students who own telephones, public hall telephones, and some 42 outdoor emergency telephones strategically located throughout the campus. These are connected directly to the Winthrop University Police Department. Additional sites are being considered for outdoor emergency phones.

All the fraternity and sorority houses (independently leased, operated, and not supervised by the university) are located off campus, within the city of Rock Hill. Most are in close proximity to the campus. They are patrolled by the Rock Hill Police, the primary respondents to incidents in the city, with assistance from Winthrop Police as needed. The Winthrop University Police Department receives, on a weekly basis, copies of any incident reports involving fraternity and sorority houses and their members.

All academic and administrative facilities and buildings are secured at night and on weekends, or whenever they are not in use. This is done by Winthrop University Police Department Officers or designated representatives. Many areas of vulnerability are equipped with electronic monitoring and/or alarm systems, which signal the Winthrop University Police Department when problems arise.

Access by students to secured buildings or areas is by written permission from the appropriate department chair. Students with permission must sign in at the Winthrop University Police Department Office prior to being admitted. Any special events scheduled in the buildings or facilities are noted by space request forms received by Winthrop University Police Department prior to the event for Public Safety awareness.

The residence halls are staffed 24 hours a day, and access is monitored and limited. Exterior doors to each hall are locked 24 hours a day. Night Hosts monitor all entries from 11 p.m. until 7 a.m. nightly. Entry is by student ID only. Night Hosts check all outside doors regularly throughout the night to assure that they remain locked. An electronic alarm system notifies the Night Hosts when a door is opened.

Campus Police Officers also check the residence hall doors nightly, noting and correcting problems as needed. They are also available to assist the Residential Learning Coordinators when needed.

The Student's Responsibility

For optimum effectiveness, the cooperation and involvement of students themselves in the campus safety program is also necessary. Students must assume responsibility for their own personal safety and the security of their personal belongings. This involves taking simple precautions which help a person avoid becoming the victim of a crime. For example, although the campus is well-lighted, the potential dangers of walking alone at night are well known and should be avoided. Room doors should be locked at night and any time the room is unoccupied. Valuables should be locked up and out of sight if possible. Items such as stereos, cameras and televisions should be marked with engraving instruments. This service is provided by Winthrop University Police Department at no charge. Bicycles should be registered and marked, and secured with a sturdy lock. Students with cars should park in their assigned area and keep their vehicles locked at all times. Valuables should be out of sight, preferably locked in the trunk.

Students should, and are encouraged to, report any suspicious looking individuals whom they feel do not belong in their residence hall or elsewhere, or any unusual incidents of any kind, to the Residence Life staff or to the Winthrop University Police Department.

Students and staff should also be aware of the university's policies and programs to prevent the illicit use of drugs and the abuse of alcohol. These are outlined in Drug Free Campus Statement included in

the Student Handbook. For more safety information see the Winthrop University Police Department Web site at www.winthrop.edu/publicsafety.

Sexual Assault

In the event that a sexual assault occurs, the victim should: keep a cool head; notice details about the attacker (i.e., speech, hair, clothes, scars, height, weight); preserve evidence (do not bathe, douche or change clothes); and report the assault to and/or request assistance in reporting crimes from the Winthrop University Police Department (323-3333), Health Services (323-2206), Counseling Services (323-2233), or Residence Life (323-2223). If the crime occurs off-campus, call the Rock Hill Law Center (329-7230). A complete description of procedures, in the event of sexual assault, is contained in the Student Handbook.

When a sexual assault is reported, a team, usually consisting of the Director for Residence Life, the Dean of Students, Director of Counseling Services, and a counselor as appropriate, will assess the situation and recommend existing campus and community services to assist the victim. Following the initial crisis, the team members will remain in contact with the victim. When appropriate and reasonable, changes in the victim's academic and living arrangements will be made.

Section 493 (a) of the Higher Education Opportunity Act 2008 will require notification of the final results of any crime of violence upon written request of the victim or next of kin, if the student is deceased.

Emergency Notification System/Timely Warning

Winthrop University has a multi-tiered comprehensive emergency notification system. The system provides immediate notification of the campus "upon the confirmation of a significant emergency or dangerous situation involving an immediate threat to the health or safety of students or staff occurring on campus."

The system includes cellular phone notification, SMS text messaging, e-mail notification, web page notification, and every campus building has an ALERTUS notification beacon which sends out an audible, visual, and text notification. The system is tested one time each semester to ensure it is working properly.

Registration for the cellular phone notification and the SMS text messaging system can be done by accessing the university emergency Web page at www.winthrop.edu/emergency. Each year during student orientation and new faculty orientation, students and employees are made aware of the system and encouraged to sign up and participate in the notification system.

Upon notification of an emergency, campus police will respond. Confirmation of the threat or danger will dictate if the campus should be evacuated. In the event an evacuation is required, Winthrop University has a comprehensive evacuation policy for academic buildings and residence halls. The evacuation policies can be viewed on the campus emergency page at www.winthrop.edu/emergency

Missing Persons Policy

Winthrop University in compliance with Section 448 of the Higher Education Act of 2008 has an extensive and complete Missing Persons Policy. The policy which can be found in its entirety at <http://www.winthrop.edu/campuspolice> indicates that Winthrop University Campus Police will conduct a missing person investigation once a residential student has been missing for 24 hours.

Fire Safety

Winthrop University Campus Police maintains a public log of all fires that occur in on-campus student housing facilities.

Residence Life provides each residential student a Residence Life Resource Guide and a housing contract which can also be found online at <http://www.winthrop.edu/reslife/> This guide and contract provide rules and information to residential students about portable electrical appliances, smoking, and open flames (such as candles), procedures for evacuation, and policies regarding fire safety education and training programs.

Whistleblowers

Winthrop University is prohibited by law from retaliating against, intimidating, threatening, or coercing anyone who reports any violations of the CLERY requirements or the Higher Education Opportunity Act 2008.

Further Information

Further information about campus safety may be obtained from the Winthrop University Police Department, Division of Student Life, 323-3333.
